The high cost machinery makes costing of the final product uncompetitive in the market. These companies are constantly in the lookout for used machines in good condition at a reasonable cost. However, we enjoy several advantages over global competitors such as economical specialized manpower costs, customers. However we enjoy several advantages over global competitors such as economical specialized manpower costs, infrastructure and logistics cost, warehousing cost. We can also offer after sales maintenance and long term service contract and supply critical spare parts. Domestic competitors can supply machineries available in India and do not have network or reach to access overseas equipments. In order to insulate ourselves completely from any future ad-hoc Government Policy Changes, we have completely outsourced TFO's manufacturing activity to a competent set of vendors trained and developed by us.
